(2) When a subdivision is located totally within an area for which density requirements have been adopted pursuant to a growth policy under chapter 1 or pursuant to zoning regulations under chapter 2, the governing body may establish park dedication requirements based on the community need for parks and the development densities identified in the growth policy or regulations. Park dedication requirements established under this subsection are in lieu of those provided in subsection (1) and may not exceed 0.03 acres per dwelling unit.

(3) A park dedication may not be required for:

- (i) the park, recreational area, open space, or conservation easement is within a reasonably close proximity to the proposed subdivision; and

 - (ii) the area of the land and any improvements set aside for park and recreational purposes equals or exceeds the area of the dedication required under subsection (1);
 - (b) (i) the preliminary plat provides long-term protection of critical wildlife habitat; cultural, historical, or natural resources; agricultural interests; or aesthetic values; and

Following: line 5

Insert: "COORDINATION SECTION. Section 7. Coordination instruction. If [this act] and House Bill No. 363 are both passed and approved and if [section 1] of House Bill No. 363 establishes a new section dealing with the re-employment of certain retired teachers, specialists, and administrators, then [section 1 of this act] must read as follows:

"NEW SECTION. Section 1. Resumption of employment by retired member -- suspension of benefits.

(1) Except as provided in [section 1 of House Bill No. 363], if a retired member returns to full-time employment in a position covered by the retirement system and becomes an active contributing member, benefits must be suspended until the member terminates all employment and applies to have benefits reinstated.

(2) Except as provided in subsection (4), upon termination and retirement of a previously retired member who was reinstated to active membership pursuant to 19-20-731 before July 1, 2009:

(a) if the member earned less than 1 year of creditable service, the original benefit and retirement option the member was receiving at the time of suspension of benefits must be reinstated beginning either the first of the month following termination or on July 1 following the date on which the retired member was re-employed, whichever is later; or

(b) if the member earned 1 year or more of creditable service, retirement benefits must be recalculated under 19-20-804 if the member would qualify for a service retirement benefit under 19-20-801 or under 19-20-802 if the member is eligible for early retirement. The recalculated benefit must include the service credit accumulated at the time of the member's previous retirement, plus any service credit accumulated subsequent to reemployment. The recalculated benefit amount must be increased by the amount of any benefit enhancement received pursuant to 19-20-719 that the retired member was receiving when the member's benefits were suspended.

(3) (a) Except as provided in subsection (4), upon the subsequent retirement of a formerly retired member who was reinstated to active membership pursuant to 19-20-731 on or after July 1, 2009, and earned:

(i) at least 3 years of membership service following suspension of benefits, the member is entitled to resume receiving the suspended benefit in accordance with the retirement benefit option and beneficiary previously selected, plus an additional benefit based upon the new creditable service and compensation earned. The second benefit must be calculated as provided under 19-20-804 if the member is eligible for a service retirement benefit or under 19-20-802 if the member is eligible for early retirement. The second benefit must be paid under the same retirement allowance with the same beneficiary originally elected.

(ii) less than 3 years of membership service following suspension of benefits, the member is entitled to resume receiving the suspended benefit in accordance with the retirement benefit option previously selected, plus a refund of the employee contributions contributed after the member was reinstated to active service, plus interest.

(b) If a member dies during the period of reemployment following an initial retirement, the member must be considered as retiring on the day preceding the date of death and benefits must be determined according to the following:

(i) If the member elected the normal form benefit prior to reemployment, the member's designated beneficiary must receive an amount equal to the member's accumulated contributions on deposit.

(ii) If the member elected a retirement option pursuant to 19-20-702 prior to reemployment, the benefits due are payable in accordance with the terms of the original option elected and this subsection (3).

(4) If a retired member who has not attained normal retirement age is reemployed with the same employer within 30 days from the member's effective date of retirement or if that member is guaranteed reemployment with the same employer, the member must be considered to have continued in the status of an active member and not to have separated from service. Any retirement allowance payments received by the member must be repaid to the system, together with interest, at the actuarially assumed rate, and the retirement allowance must be canceled."

Insert: "COORDINATION SECTION. Section 8. Coordination instruction. If [this act] and House Bill No. 59 are both passed and approved and both contain a section that amends 19-20-731, then the section in House Bill No. 59 that amends 19-20-731 is void."

"19-20-731. Postretirement employment limitations -- cancellation and recalculation of benefits. (1) (a) Except as provided in [section 1 of House Bill No. 363] or as otherwise provided in this section, a retired member may be employed part-time by a school district, state agency, or unit of the university system in a position eligible to participate in the retirement system and may earn, without an adjustment of retirement benefits, an amount not to exceed the greater of:

(i) one-third of the sum of the member's average final compensation; or
(ii) one-third of the median of the average final compensation for members retired during the preceding fiscal year as determined by the retirement board.

(b) For the purposes of this subsection (1), the maximum compensation that a retired member may earn under subsection (1)(a) without an adjustment of retirement benefits includes all remuneration paid to the retired member, excluding:

(i) the amount of health insurance premiums paid by the employer on the retired member's behalf;
(ii) the value of housing provided by the employer to the retired member;
(iii) the amount of employment-related travel expenses reimbursed to the retired member by the employer;
(iv) de minimis fringe benefits, as defined in 26 U.S.C. 132(e), paid by the employer to or on behalf of the retired member; and
(v) payroll taxes paid by the employer on behalf of the retired member.

(2) On July 1 of each year following the member's retirement effective date, the maximum that a retired member may earn under subsection (1)(a)(i) is increased by an amount equal to the consumer price index increase for urban wage earners compiled by the bureau of labor statistics of the United States department of labor or its successor agency in the preceding calendar year.

(3) Except as provided in ~~subsection (5)~~ [section 1 of House Bill No. 34] and [section 1 of House Bill No. 363], the retirement benefit of a retired member:

(a) employed in a part-time position or earning more than allowed by subsections (1) and (2) must be temporarily reduced by \$1 for each dollar earned over the maximum allowed. Monthly benefits must be reduced beginning as soon as practical after the excess earnings have been reported to the retirement system by the employer. The retirement benefit must be canceled if the retired member's earnings over the maximum allowed exceed the gross monthly benefit amount.

(b) employed in a full-time position must be canceled beginning in the month in which the retired member returns to full-time employment.

~~(4) Upon termination and retirement subsequent to a cancellation of benefits pursuant to subsection (3), the retirement benefit of a member:~~

~~— (a) who was reemployed and earned less than 1 year of creditable service must be reinstated beginning either the first of the month following termination or on July 1 following the date on which the retired member was reemployed, whichever is later. The reinstated retirement benefit is the amount and option that the retired member would have been entitled to receive had the retired member not returned to employment.~~

~~— (b) who was reemployed and earned at least 1 year of creditable service must be recalculated under 19-20-804 if the member has attained normal retirement age or under 19-20-802 if the member has not attained normal retirement age but is eligible for early retirement. The recalculated benefit must include the service credit accumulated at the time of the member's previous retirement, plus any service credit accumulated subsequent to reemployment. The recalculated normal form benefit amount must be increased by the amount of any benefit enhancement received pursuant to 19-20-719 that the retired member was receiving when the member's benefits were canceled.~~

~~— (5) If an early-retired member under 19-20-802 is reemployed with the same employer within 30 days from the member's effective date of retirement or if the early-retired member is guaranteed reemployment with the same employer, the member must be considered to have continued in the status of an active member and not to have separated from service. Any retirement allowance payments received by the member must be repaid to the system, together with interest, at the actuarially assumed rate, and the retirement allowance must be canceled.~~
